The Christmas Spirit.

Christmas is a good institution, be it examined from any angle. The Christmas spirit is one to foster and encourage. It means unselfishness, charity, peace, liberality, good cheer, all desirable traits in themselves and all tending to make the world a better place.

While the Christmas holiday is a Christian institution in name, no one religion holds a monopoly of the Christmas spirit. It is common to all religions. It means a striving to make others happier, an effort to better conditions for mankind. It means sharing your good fortune, no matter how small the portions may be. It is the essence of the Golden Rule.

While one can do much good to others by the radiation of the Christmas spirit, the greatest good is done to oneself. No man can bestow a gift, either material or spiritual, on another without benefiting himself. He must elevate himself by the exercise of the emotions that Christmas calls forth, and this elevation must be more or less permanent. No man can be much different one day in the year from what he is the other 364 days.

So blessed be the spirit of Christmas! Exercise it during the closing days of December, and you can't help but be the better for it, and you can't help but continue its benevolent influences during the months that follow.

IF YOU Want a Servant Girl ADVERTISE

CHRISTMAS FIRE DON'TS.

Under the heading "A Little Care May Save Great Sorrow," State Fire Marshal Baldwin has prepared a circular, thousand of copies of which have been sent out, giving warning against fires during the Christmas holidays, and what precautions should be taken. The circular in part is as follows:

"We are again approaching the Christmas holidays when naught but happiness and good cheer should prevail. Let us make it so, by caution and the avoidance of carelessness in the handling of Christmas tree decorations. Flimsy decorations should never be used.

"Many entertainments will be given in homes, schools, churches, bazaars and stores. Remember that light, inflammable decorations make easy fires. Avoid their use. Decorations of no kind should be used near gas jets.

"If electricity be used for decorative purposes, see that the wiring is done by a competent electrician. "Don't let smokers throw lighted cigars, cigarettes or matches about in a careless manner.

"Paper, cotton, or other decorations of a flimsy material should not be used. Use metallic tinsel or unflammable material, and see that trees are securely fastened, so that children cannot pull the tree over when reaching for things.

"If trees are to be lighted, see that the children do not light or relight the candles. Frequently clothing is set on fire by permitting this.

"Matches should never be left within the reach of children. Keep them in metal boxes and out of their reach.

"Never permit cotton to be used beneath trees, to give the appearance of snow. If the appearance of snow is desired, for any purpose, use mineral wool or asbestos."

RESOLUTIONS OF RESPECT.

The Greater Honesdale Board of Trade has sustained a great loss by the death of Samuel T. Ham, its second vice-president, who died at his home in Honesdale, on Wednesday evening, December 10th, 1913. The suddenness with which Mr. Ham was called away, must have a tendency to impress those whom he leaves behind him, with the uncertainty of life as well as the uncertainty of the manner in which death may come.

To the members of this organization, Mr. Ham endeared himself on account of his courteous disposition, as his usefulness as a member and his untiring efforts in the advancement of every project, having for its object the advancement of Honesdale. He advocated not only a greater Honesdale, but a better Honesdale. He not only advocated these things, but he put forth an earnest effort to bring about the realization of the things he sought to accomplish through the Board of Trade; notwithstanding impaired health, his ambition was not relaxed. Even on the very night on which his death occurred, he attended a meeting of the Business Men's Association, although urged to remain at home quietly, rather than risk the exertion which his duties would require at the meeting.

As a husband, father, friend and neighbor, he was highly appreciated, and his death is regretted sincerely by many with whom he came in contact. The Board of Trade extends its sympathy to his widow and son, and wishes to assure them how sincerely they regret their own loss in his death. And further, that this tribute of respect be published in the Honesdale papers and spread upon the minutes of this organization in full.

E. E. CALLAWAY, Committee.

Secretary Greater Honesdale Board of Trade.

At a called meeting of the surviving members of the Town Council, the following preamble and resolutions were unanimously adopted:

Whereas, it has pleased Almighty God, in his infinite wisdom, to permit our co-worker, Samuel T. Ham, to fall asleep; Therefore, be it Resolved: That we, his survivors, do bear willing testimony to his uniform courtesy, untiring industry, and constant effort to, in every feasible way, advance the interests of his adopted borough; that his many noble qualities as a man, a citizen, and a member of the

Town Council has endeared him to all his fellows. We shall sorely miss him at his usual place of business, at our Council meetings, as well as in the performance of every duty heretofore devolving upon him. We extend to his only son, and to his widow, in their irreparable loss, our sincere sympathy, in which we all sorrowfully join.

Resolved, That a copy of these resolutions be delivered to his bereaved widow and spread in full upon the minutes of the Town Council.

Certified from the record. JOHN ERK, Secretary.
